

## CELEBRATING THE SESQUICENTENNIAL AT SPRING ALUMNI/AE EVENTS IN CHICAGO AND ON MACKINAC ISLAND

Regional Sesquicentennial events in Chicago the weekend of April 17 and on Mackinac Island the weekend of June 18 brought together alumni/ae who renewed friendships with one another, celebrated the 150-year history of the Medical School and learned about some of the exciting initiatives in medical education, research and clinical care now taking place in the University of Michigan Health System from faculty and the Health System leadership.

Upcoming activities of the Medical Center Alumni Society include the fall board meeting on September 30, 1999, class reunions for those whose graduation years end in "4" or "9" on October 1-2, 1999, and events to be held March 16 through March 18, 2000: Match Day, the spring board meeting and the senior luncheon for the class of 2000. For more information about other U-M Medical School alumni/ae activities or sesquicentennial events, please call (800) 468-3482. Those alumni/ae interested in volunteering to support alumni/ae-related activities are invited to call Michael DeBrincat at (734) 998-7619 or email him at [mikeajd@umich.edu](mailto:mikeajd@umich.edu).

**Professor Emeritus of Pediatrics and Communicable Diseases David G. Dickenson (M.D. 1945, Residency 1950) of Lewiston talks with Irene S. Danek (M.D. 1968) and her husband, Charles J. Danek (M.D. 1968, Residency, 1976), of Traverse City.**
